The best system

Michigan drivers have the best insurance system in the country, but some Michigan lawmakers want to dismantle that system -- so insurance companies can reap even bigger profits. Instead of taking a hard look at these record-breaking profits, proposed bills would dismantle important protections for drivers and shift the costs and burden to Medicaid and the taxpayers.

Michigan drivers who are seriously injured in a car crash are guaranteed unlimited lifetime medical benefits, attendant care, wage loss and replacement services -- to the extent those benefits are reasonably necessary to the injured driver's care, recovery and rehabilitation.

The Michigan no-fault insurance system is, quite simply, one of the very best things that we have in our state.
